

Pulse

The file pro

With its dynamic powerful design and its high writing comfort, the Pulse sets new standards among exceptional ballpoint pens. The ergonomic soft rubber surface means that the Pulse lies comfortably and securely in your hand. Its individual touch is underlined by the elegant high quality metal clip, and the large metallic barrel tip. The exchangeable large cartridge ensures permanent Schneider quality with an enormously high writing output and wear resistant stainless steel tip. The colour of the refill corresponds with the colour displayed at the end of the pen.

Ref. No.	Unit	Line width	Barrel	Ink colour	EAN code
131801	1	Middle	  anthracite, black	 black	4004675067791
